## PLANNING BOARD WANTS COMPLETE ROAD SURVEY

Wilmington's burgeoning problems over future streets received two twists, during the past week.

Town Manager Sterling Morris, Rep. Fred F. Cain and Town Engineer Arthur Harding visited the State Department of Public Works in Boston, a week ago, with a plan for 'the new Route 129' which has been prepared in consultation with Professor Charles Eliot, consultant to the Planning Board.

As has been said in previous discussions, the route would lead from the vicinity of the Cain Garage through the woods to a point near the Fire Station on Church Street and on across Middlesex Ave and Clark Street, in back of the Wilmington Shopping Plaza, and then cross Main Street south of Rocco's Restaurant, to go over the Boston & Maine Railroad via the new bridge being planned for the Richmond Street to Eames Farm area.

All three have been questioned by the Town Crier as to what happened in the DPW office, and the answers were alike- viz Nothing Much.

The plan has been received by the State DPW, and will be studied.

Traffic Planner  
Meanwhile, on Tuesday night the

Wilmington Planning Board voted to ask Professor Eliot to get a Traffic Engineer to study the entire area, from the Reading and Woburn lines, along Lowell Street and Main Street, as far as Rocco's Restaurant.

Mr Eliot is to be asked to provide a 'new' engineer, one who has not worked in Wilmington before, in order that he may start without any previous conceptions or prejudices, and evaluate Wilmington's future needs for highways on his own volition and the merits of the case.

The idea came from Mrs Madelyn McKie, chairman of the Planning Board, but was on a motion of Danny Gillis.

Mrs McKie had just read a letter from the Town Manager which said in effect that the Selectmen and the State DPW was waiting for the Planning Board recommendations about roads to the North Woburn line, and in the Lowell Street - Woburn Street area. The State DPW, the letter said, is taking no action in the area until it has heard from the town.

The board instantly recalled that they had made recommendations, and that the Selectmen had ignored

## Mackenzie to speak on Public Housing

State Senator Ronald MacKenzie of Burlington is to speak in Wilmington one week from tonight on the controversial Chapter 774 of the Acts of 1969 - the Public Housing Bill which went through the State Legislature by the narrowest of margins, under the title of House Bill 5581.

Senator MacKenzie is to be the guest of the Wilmington Republi-

can Committee, and will speak at the American Legion Hall at 8 pm on October 23rd. The meeting is open to the public.

The Senator wrote a letter to the Town Crier two weeks ago, with explanations of his stand, and the letter was answered editorially last week.

A question and answer period is to follow his speech.

## LeRoy Wallace on Mayflower Executive Board

LeRoy Wallace, 4 Oakridge Circle, founder of the Wilmington Youth Crusaders, and president and manager, has been elected to the Executive Board of the Mayflower Circuit.

The election was made last Friday, at the Mayflower monthly meeting, in Bedford.

The Crusaders are the Champion Drum & Bugle Corps of Class B of the Mayflower Circuit, and have just been moved up to the Class A (top ranking) class.

## Girl Stabbing Wilmington Man Indicted

The Middlesex County Grand Jury has returned a True Indictment against a Wilmington man for the April 14th stabbing of a Wilmington girl, 14 years old.

Alden K Orne, who gave a Main Street address as his home, pleaded Not Guilty, in Middlesex County Superior Court to charges of assault and battery with a dangerous weapon, and assault with intent

to murder. He is being held in jail on a \$5,000 bond, with double surety.

The girl was assaulted at about 9 pm on the night of April 14th while walking on Middlesex Avenue near Glen Road, on the sidewalk. She received stab wounds in the arm and leg.

The case against Orne has been continued for trial later this month.

## Dr. Widger to be College Prexy

Dr. William K. Widger, formerly of Fairview Avenue in Wilmington, has been elected the president of Belknap College, in New Hampshire.

A former member of the Wilmington School Committee, and an internationally known scientist, Dr Widger left Wilmington about ten years ago to take part in the planning programs for the NASA Weather Satellites.

He will assume his new duties on Nov. 3rd and will be inaugurated about a week later.

## Sweetheart Plastics to build in Derry, N.H.

The Town of Derry, N.H. last week voted to sell to Sweetheart Plastics a six acre lot of land, near the center of town, and with railroad frontage, to Sweetheart Plastics. Richard Tuffenjian, Wilmington plant manager, made the news announcement at a meeting in Wilmington Tuesday noon.

Sweetheart has plans for the erection of a plant in Derry which will be about 45,000 square feet in size. The Wilmington plant, by comparison, has about 207,000.

The money which Derry will receive for the property will be used by the town to build ball fields, etc., it is understood. A Little League ball field is located on the land at the present time.

## Down to One Cruiser!

The Wilmington police are driving around on duty in their own cars. Only one of the two regular police cruisers is fit for duty, and that one is in a 'shaky' condition. The K-9 Car is also on duty, but is restricted to the carrying of the police dogs.

Car 32 has been laid up for two weeks at Wilmington Ford, and will presumably be there for some

time more.

Car 32 in a 1968 Ford, in which the front end is completely worn out. Because it is a relatively new vehicle, there are no spare parts, such as a new front end, on hand at Wilmington Ford, or any other local Ford agency, and it is necessary to wait until a new front end has been shipped from Detroit.

# Selectmen's Meeting Letters

103 Chestnut Street  
Wilmington, Mass  
October 14, 1969

Dear Mr Neilson:

In regards to the article last  
week in your paper pertaining to  
my visit at the Board of Select-  
men's meeting, the facts were  
misrepresented in the news article

My intent was not to put the blame  
on one incident or individual of  
flag abuse, but many that happen  
throughout the town which include  
flags being at half-mast on unau-  
thorized days, torn and ragged on  
town public buildings, flags left up  
overnight, and flags displayed in  
the wrong section of rooms in pub-  
lic buildings. This has also been  
noticed in other towns as well.

In the future when representing  
facts, please do not report one  
phase, but all the facts, which  
makes it look very derogatory to  
the person presenting it.

Very truly yours

Thomas J O'Connors, Sr Vc Cmdr  
Middlesex District 15 VFW

Whoops! Sorry about that Tom!

33 Deming Way

Dear Larz:

Bravo and cheers again to Ster-  
ling Morris for his tremendous  
story re: WW II. If he were to  
write a book, it should be a best  
seller.

For those who scoff at the idea  
of Siberian salt mines, the reality  
is crystal clear, and Mr Morris is  
one of many who can confirm the  
fact. He gives further hope to  
mothers and wives of former de-  
fenders of America who were taken  
prisoner in Korea and other actions  
such as Laos, and military planes  
shot down by communists, and  
Vietnam, and those who have been  
fighting for their freedom of the  
past 16 years.

Thank God for the underground,  
and for people like Mr Morris  
who remain loyal to their pledge  
of secrecy.

Sincerely

Mrs Blanche D Lord

### NATIONAL NEWSPAPER

ASSOCIATION Founded 1885

Free Press A Key

NNA SUSTAINING MEMBER - 1969

It took our hour and three min-  
utes for Attorney Joseph Courtney  
and the Board of Selectmen to get  
through a Hatch Act hearing, Tues-  
day evening, in the Town Hall.

Courtney won his case, in spite  
of a split vote, because the rules  
provide that in a split vote the af-  
firmative wins.

The hearing was over a proposal  
to landscape a lot of land near Mill  
Brook, on Church Street, owned by  
Anthony Fortunata. The lot is  
smaller than the average in the  
area, having been created by a  
Board of Appeals hearing in Jan-  
uary of this year. The brook  
forms the southern boundary of  
the lot, and winds as it makes its  
way towards the Ipswich River.

Courtney's proposal was to erect  
a retaining wall, and fill low land  
near Church Street, in what he  
called landscaping.

The Conservation Commission  
and the Planning Board did not  
agree, and said so.

Mrs McKie of the Planning Board  
said that the area was included in  
several plans for 'flood control'  
and for 'green belt' futures. There  
might be problems, she said, with  
future water pollution if a home  
were to be built on that lot.

Christian Bachman, co-chair-  
man of the Conservation Commis-  
sion, exhibited pictures that he had  
taken that afternoon, showing what  
he called a 'beautiful area', and  
said that no severe erosion was  
evident - this being the argument  
for the retaining wall.

Mr. Courtney asked many ques-  
tions of the two - and especially  
of Mrs McKie.

Discussing the pictures, Court-  
ney said that he had 'just fortu-  
nately happened to come along' as  
Mr Bachman took the pictures.  
Bachman's dry retort was that 'it  
was just a co-incidence!'

Bachman persisted in the belief  
that there might be adverse floods  
in the springtime if there was to  
be a retaining wall, and he could  
not see any reason for landscaping  
an area that was 'beautiful now'.

Courtney told the Selectmen that  
the purpose was to build a new  
home for the Fortunata family, be-  
cause Mrs Fortunata should not be  
compelled any longer to go up and  
down stairs.

Selectman George Boylen was  
concerned about the possible con-  
tamination of Mill Brook, and Se-  
lectman Jim Banda was concerned  
about possible flooding.

Mrs McKie told the chairman  
that 'policy decisions' would have  
to be made regarding flood plains.  
Banda, as chairman, told her that  
the Planning Board and Conserva-  
tion Commission had done their  
work well.

Banda and Boylen voted against.  
Mrs. Drew and MacDonald voted  
in favor. Selectman Miceli did not  
attend the meeting.

### Veteran's Day

Past Commander Henry Sou-  
vaine of the DAV appeared in com-  
pany with officials of the American  
Legion and VFW posts of Wilming-  
ton to tell the Selectmen that they  
had only \$100 to use for celebra-  
tion of Veteran's Day. The \$1500  
appropriated in the March Town  
meeting barely covered the ex-  
penses for Memorial Day, he told  
the Selectmen.

A Green Beret contingent is to  
march in Wilmington on Veterans  
Day, the Selectmen were told.

Banda expressed the apprecia-  
tion of the Selectmen in the excel-  
lent job that had been done by the  
Memorial Day Committee, and said  
he realized that not enough money  
had been appropriated. Affirming  
this statement were Mrs Drew and  
Boylen.

Ralph Zwicker of the American  
Legion then joined forces with  
Souvaine, to discuss the mainte-  
nance of plaques in Wilmington, and  
the installation of new ones in the  
town Memorial Parks. Souvaine  
ended the discussion by inviting  
the Selectmen to participate in the  
Veterans Day exercises, to be held  
on Wilmington Common on Nov. 11.

### Other Business

George Kilroy of 298 Salem St.  
and Willis G Aylsworth of 19 Pine-  
wood Road were drawn for Jury  
Duty in Lowell starting on Nov. 12.  
Edward J. Curtis, 156 Andover St.  
and Mrs Cecile Spirits, 6 Truman  
Road were drawn for duty in Cam-  
bridge, starting the same day.

A Hatch Act hearing was set for  
Oct. 20 for Fordham Way.

A requested transfer of \$9000  
for renovation of the old Library  
was referred to the Finance Com-  
mittee.

A letter from Joan Bachman,  
chairman of the By-Law Study  
Committee, requested any recom-  
mendations the board may have  
with relation to new By-Laws.

A petition was received from  
residents of Redwood Terrace,  
for acceptance of that street by  
the town.

It was noted that the Middlesex  
County Commissioners will hold a  
public hearing in their office in  
East Cambridge on Nov. 18, at  
12:45 pm on relocations of Lowell  
and Woburn Streets.

Selectman MacDonald spoke of  
the improvements being started on  
Middlesex Avenue by the Highway  
Department. He also told the Se-  
lectmen that there is a 'junk col-  
lection' starting at the corner of  
Shawsheen Avenue and Carter Lane  
and requested an investigation of  
a taxi company, and the locus of  
its cabs.

### TOWN ENGINEER HAS FIFTY PINK SLIPS ON WALL

The Town Engineer, Arthur Har-  
ding, told the Planning Board a  
week ago that if someone were  
looking for a reason to fire him it  
would not be hard to find that rea-  
son.

He has 50 'pink slips' hanging on  
a hook in his office. Each repre-  
sents a job that has not been done.

For two years in succession the  
budget requests of the Town En-  
gineer have been cut in the Town  
Meetings, after approval by the  
Town Manager and Finance Com-  
mittee. Without additional help,  
he is unable to do the extra work  
that is always piling up on him.

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, and after five, 658-4865. If I'm not there, then I'll call you!

You folks should all know that this Chick wrote the usual palaver last week, but the Captain didn't have the room....So bear with us!

It was certainly rewarding to see Dave Landers participating in the Executive Committee for the Landers Fund this week... and you should all know what a tremendous job that fella is doing. He has now located a trailer on his lot to house the kids and himself, and is arranging to have a home built on the lot also...Welcome aboard, Dave, and much success to you and your courageous group...and to all of you Townfolk who have been so generous, we can only say 'Thanks' You're a great group to rise to such an occasion the way you did and this Gal is glad she is a Wilmingtonite!

And, on the FISH score, Mr and Mrs Grennon of North Wilmington phoned this week to tell the townspeople of the wonderful job that two teenage gals did for them. It seems that both Mr and Mrs were ill at the same time and they have a small youngster. These chicks came in and did the housework and cared for the sick ones and the youngster...and that is volunteer work...Boy, are we glad this is the type of young person around this here town...Incidentally, in case you didn't know, it was young folk that inspired the Landers doings also! Wonderful young people around here....Thanks, you kids!

On Oct 21, there will be a coffee hour for the Wilmington Women's Club in the home of Mrs Dan Cosman at 42 Lawrence St at 9:30 am for the benefit of the Scholarship Fund...You gals get down there that can...Right?

All of you Kool Karacters, the Pop Warner is sponsoring a dance for the benefit of the Football Team. This is on Oct 18th at 8 pm at the Elks Hall in Tewksbury. So, grab your Chick, your comb, and Go, Man, Go!

Hey, Sherry Lester, is at the School of Nursing at the Lawrence Memorial Hospital in Medford...She graduated WHS in 1969. Sher is 2 days younger than no 2 daughter, and a very close friend to the Clan...She is the daughter of Mr and Mrs Donald Andersen of 276 Lowell St...and the Best of Luck there, Sher!

Guess that the Fire Ladders made out well with the Landers Fund Benefit, although haven't had an official report as yet...Those Lions sold so many tickets that Big Joe sold all of those assigned to him, and then came and got the rest of this Chick's! And that was certainly great of Ed Lyons and his volunteer group! These are really some people...and now if you haven't made your donation to the Fund, send it to Father Croke at St Thomas Church, or to the Landers Fund, % William Donovan Treasurer, Commercial Bank & Trust...Ok? You're a great group again I say...Couldn't pick better friends and neighbors...See you next week!

Those hobgoblins will be out for UNICEF again this year on Sunday afternoon and evening of October 26th, so when those small fry come to your door for their 'Trick or Treat' for UNICEF, please welcome them and have your donations ready...That's the Group!

Heard the great news today... Father Parker at St Thomas has arranged for Bobby Orr to be here for the CYO Sports Night at St Thomas in November. This as this Chick gets it, will be run for the benefit of the Landers Fund...Those kids at St Thomas are really with it where it's at! Congratulations!

Everett Stanley, according to his mother, commonly called Bud is in VietNam. He finished Radio School with No 2 Son, but they split and now Bud in Vietnam, and Choag in Ft Lewis, Washington...Good luck, Bud, and do take care...Bill Rice got assigned to Ft Bragg in No Carolina, instead of Colorado to finish out his six months...he and Sue will be at home there as soon as Bill finds a spot... That's the Boy, No. 7!

Don't forget...You Younger Generation...that CYO Dance for the Benefit of the Landers Fund...that is Saturday Night at the Villanova Hall and 'Walk On Water' Group is donating their services for this deal....One more up for the young folk this week....Boy, oh boy, will see that the Clan gets there en masse...The rest of you Guys get those Dolls...and you Dolls grab those Guys, and you're off to a great time for a good cause!

Just heard that Bill Gauvin of Cook Avenue messed himself up a small amount with a broken leg and ribs in an accident on Rt 93 in Medford. Bill's is temporarily residing at the N E Memorial in Cambridge, so get those cards to him too, Gals!

# PLANNING BOARD

From Fr. Page

them, and had voted instead that they were interested first in the 'new Route 129'.

The problem of new traffic on Woburn Street and/or West Street is serious, the Planning Board agreed, and will become more serious - but if the Selectmen don't want to do anything - well nothing will be done. Danny Gillis, referring to the development of about 1000 acres in Woburn by the D'Amato interests, said rather grimly, 'That guy means business - and the Selectmen don't realize it!'

It was then that the Planning Board got down to the business of having another engineer look at the situation.

## Other Business

The board approved amended plans for the Jackson Brothers newest real estate development - Jackson Park, on the southerly side of Shawheen Avenue, near the Shawheen River. 2.3 acres of land has been set aside, near the river, for future acquisition by the town, presumably by the Conservation Commission. Some of the lots near the river, as a result, will have about 45,000 sq. ft. instead of the 60,000 sq. ft. according to the zoning (Rural).

It also received a preliminary plan for land near the Maple Meadow Brook, upstream from Federal Street, from Hillcrest Realty. The plan is called 'Maple Manor' and is a change from previous plans for the area, in that the street near the brook now curves further away, and allows lots to be used that lie between the street and the brook.

The developer of Marcia Road visited the board, and was granted another week to try to do something about the road. He had been under an Oct. 15 deadline.

The developer said that because of the strike in the road-tar industry last summer he had been unable to have a contract for the completion of the work fulfilled. He had the contract with him, for the Planning Board inspection. He himself had been quite sick, for a period of months, but now he believed he had a local contractor who would look over the street.

Mr. Gillis advised him to get a letter to the Planning Board stating his intentions - 'We now have six real estate developments in the air' - and then moved that the developer be given a week's grace.

The Town Engineer reported that he had finally had the time to inspect a water condition about which there had been complaints, in the new Benson Park, off Lake Street.

The condition can be remedied he said, and he had told this to the neighbors who were concerned

A TEMPORARY HOME FOR THE LANDERS FAMILY: A 42 foot house trailer, arrived last Thursday, and was towed across back lawns to be set up in back of the Landers home.

He now has to prepared engineering plans for street construction for Bond Street and Floradale Avenue, he told the board, before the Selectmen hold a public hearing on the two streets, for construction under the Betterment Act.

Harding was wondering out loud if he could do it some other way, because of the costs involved.

'I'll spend \$1000 or \$1500 making plans for each of the two streets, so the Selectmen can tell the abutters how much it will cost them. Then the abutters will decide that they don't want to have the street accepted under the Betterment plan, as it will cost them too much. That means that the time and money spent in making those plans will just be thrown away.'

The board couldn't offer him any alternative ideas.

## Pop Warner Flag Football

The Pop Warner Flag Football League opened Saturday night with the Mad Dogs overcoming the Hackers by a 12-7 score. Brian Callahan and Dave Rounds scored for the Mad Dogs and Rick Ethier tallied seven for the Hackers.

In the second game, Steve Callahan scored 10 points as he led the Chargers to a 20-12 victory over the Wildcats. Mike Sughrue scored the other point for the Chargers and Steve Gilman and Bruce Tarricone scored 6 each for the Wildcats.

Action continues this Saturday as the Hackers play the Wildcats at 6:00 p.m., and the Mad Dogs take on the Chargers at 7:00.

## **VOLKSWAGEN SERVICE IS EVEN BETTER DURING OUR OPEN HOUSE**

Because along with service you are given refreshments. We show you through our showrooms and tell you how to tell a Volkswagen from a Volkswagen. There are nine models now you know.

Then we show you through the room behind the showroom. That's where we keep enough parts to build from scratch just about any year model of any of those Volkswagens, and where we service them, so you hardly ever need the parts.

Of course, anytime you want to go-it-on-your-own for a look around or for some more refreshments that's O.K. too. But we will still be there to answer any questions you might want to ask about what makes a VW a VW.

If it turns out that one of the new VW's is the car of your dreams, tell us about it before you leave. We probably will try to sell it to you. Let's not carry this soft sell thing too far.

 He said that by precise application of the glass, Volt is able to control both the flex curve and the torque of the ski to achieve the desired characteristics and that the glass construction is extremely strong so that the ski doesn't lose it's camber.

 A home is like a garden--fresh, fragrant, blooming! Neglect your garden, neglect to nourish and cultivate it, and soon you'll have a deteriorated, wilted mess. So be it with your house.  
 This is the essence of modernizing. Tend to your house... nourish your house with constant care and thought. It may be laborious and time consuming, but with a few years of additions, alterations, maintenance and repair, a house will take on your character and reflect your personality. ## Seem Program

A bill is being introduced into the legislature that states any group of towns that wishes to set up a group structure for a regionalization program for the benefit of handicapped children will be reimbursed by the state for 75% to the communities involved. The average cost to educate a handicapped child is over \$900.

At a meeting of the 7 communities of SEEM at the Parker Jr High School in Reading on October 7th, Mr William A Phibbrick Director of the Bureau of Special Education of the State Department of Education covered the framework of programs being developed to service the needs of these handicapped children which

include the blind deaf aphasic, emotionally disturbed, physically handicapped, partially sighted, speaking or hearing handicapped, perceptually handicapped and multiple handicapped.

He said that last year 61,000 children passed through their office representing 5% of the population and the State paid more than \$20,000,000 for their education.

He also discussed the present legislation and pending legislation

# Wilmington Minutemen at Concord Bridge

Using a more modern version of the Deacon's One Horse Shay, a detachment from the Wilmington Company of Minutemen 'marched' to the Concord Bridge Historical Monument Sunday, for their first formal Guard Mount, and their first exercises 'in the field' since the re-formation of their company, 194

years after the battle.

Not yet equipped with drums, the Minutemen marched to those of the Concord Minutemen, with Drummers Jack Casey, Arthur Rawlings and Warren Irwin providing the 'beat'. Mr. Casey is making an authentic reproduction of a Colonial Drum for the Wil-

ilmington company.

The 'guard mount' was from 1 pm to 4:45 pm, with exhibition firing of their flintlock rifles every half hour. As was the case in Colonial Days, the rifles often failed to fire, 'misfire' and a considerable time was spent after each exhibition in cocking and re-

firing the rifles.

Crowds of one hundred or more followed the Wilmington Minutemen during each half hour parade, and watched the exhibition, with Park Ranger Edward Donnelly providing an oral explanation of the action to the spectators.

The Wilmington Minute Men, on

April 19, 1775, marched, not to Concord, but to Lexington, where they engaged in combat with the British troops at Merriam's Corner. There were no casualties, either on that April 19th or on the 12th of October 1969.

LT. FRANK CURLEY: Leading the Company of Minute-Men, and they are all in step!

CROWDS LISTEN: To Park Ranger Edward Donnelly, as he tells them of the tribulations of firing a flint lock rifle.

ONLY ONE GUN FIRED ON CUE: As the order was given by Capt. Bill Meyers, standing in back of his valient troops.

ARTHUR SUGRUE: Explains the workings of a flintlock rifle to Tony Zee of Cambridge.

RAMMING HOME: A powder charge. Black powder, such as was used during the Revolution, was used, but no bullets, of course.

LT. CURLEY: Explains his flintlock pistol to John Martin, 7 of Scituate and his brother Christopher.

TRYING TO GET THEIR GUNS TO FIRE: after misfires during an exhibition volley, are Arthur Sugrue and Sam LaFollette.

NOBLE LOOKING WILMINGTON FARMERS: Being inspected by the spectators.

DRUMMERS CASEY, RAWLINGS AND IRWIN: Lead the Wilmington Minutemen from the Concord Bridge, the British having been satisfactorily repelled.

By Louis

Believe it or not, some parents mistreat their own children.

Right here in our United States of America, child abuse has become so frequent that it has earned a medical identity of its own -- the 'Battered Child Syndrome'.

Battered and bruised infants and small children are constantly being brought into the accident wards of our hospitals.

In 1965, 'battered child' laws were enacted in 28 states. Twenty two of these statutes are mandatory.

The physician must report to the police all cases of serious injuries to children when he knows that injuries were inflicted by 'other than accidental means'.

## Pop Warner leads League 4 - 0

As was predicted the Pop Warner Chargers had a difficult time with the ever dangerous Swampscott team Sunday at Swampscott. It was the closest score yet, but the A Chargers hammered out an 8-0 victory.

Swampscott threatened in the first quarter when they blocked a Chargers kick deep in Wilmington territory but an alert Dave Spring jumped on a Swampscott fumble on the next play, to end that threat.

In the second quarter, four successive penalties against Swampscott aided the hard pressed Chargers turn back another threat.

Swampscott scored in the third period on a Charger pass interception and a 40 yard run. The Chargers dug in and the conversion failed, but Swampscott was ahead 6-0.

It was not until the last quarter that the Chargers could score. Bob Cheney broke loose on a series of plays to the Swampscott two yard line and Styglas plunged over for the score. Rick Dunn gained the conversion and the game ended with an 8-6 victory for Wilmington. The A Chargers now have a 4-0 record and still lead the League.

The B Chargers were held to a 6-6 tie by a hard driving Swampscott B Squad. It was not until the second quarter that Wilmington scored on a line smash by Hurley. The conversion failed. Swampscott scored two plays later to tie the score again. The hard charging Wilmington line stopped the conversion try. The rest of the game saw each side threaten but neither side could score and the B Chargers had to settle for a 6-6 tie.

Next Sunday is the big one, Stoneham. It is considered that key to the Championship if Wilmington can get by the large hard hitting Stoneham eleven. Game time is 1:00 p.m. so come on down to the High School to cheer on the team.

# Esposito Sets New Records

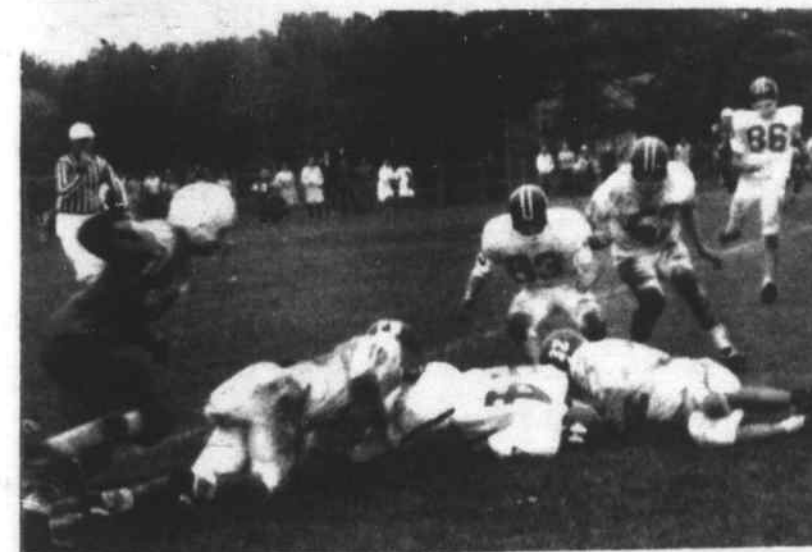

DICK GILLIS (35) snaked-hipped his way through the Methuen line in the 3rd quarter, eluding at least five tacklers, and then ran 40 yards for a touchdown. Total distance, 75 yards.

Running back Mike Esposito of the Wilmington High School team continued to lead the Wildcats on its rampage through the conference, last Saturday, running two touchdowns and kicking five extra points in a 41-0 rout over Methuen. Esposito broke Bobby Gleason's old conference record of 201 points for a career, and eclipsed Arnie Holtberg, another Chelmsford product, of his career mark of 49 PATs. Esposito now has 215 points and 53 conversions.

Junior halfback Dick Gillis also treated the crowd to some fine running, with 129 yards in 15 carries, the biggest gain being a 75 yard hip-slinging touchdown run in the third period.

In other league games Dracut stooped No. Andover 21-0, Tewksbury edged Chelmsford 14-6, to remain tied in first place with the Wildcats, and Burlington upset the favored Billerica 21-6.

Esposito started the scoring just five plays after the opener, on Saturday, with touchdown dashes of 23 and 13 yards in the first and second periods. Dick Gillis scored his other TD on a one yard plunge in the second period. Wing Back Rick Smallidge scored his third seasonal touchdown with a three yard run in the fourth quarter, and Dan Ballou caught a 25 yard touchdown pass from quarterback Bill Gustus.

MARK DRUGAN (44) RECOVERED A METHUEN FUMBLE; IN THE Second Quarter.

week before, and were able to shut out the younger Rangers of Methuen 18-0. Jepson, with runs of 20 and 10 yards, scored two touchdowns and sophomore Art Bibeau recovered an errant Ranger fumble in

HEIM AND ANDERSON: Tackle Methuen's Greenwood, in the third quarter.

## Elks & Newhouse take Jaycees Games

Sandwiched around a rainout, the Elks topped Sweetheart Plastics 40-28, and the Newhouse Builders outscored the Charles R Breeders 76-46 for their seventh straight Jaycees League triumph.

On Tuesday night, Lenny Gustus fired 4 touchdown passes and ran for a record breaking 211 yards and one score himself in leading the Elks to a hardfought win.

Bill Harrison and Johnny Amaro each scored two touchdowns for the winners. Sweetheart passer Jack Florence threw for 303 yds in defeat. Dan Bemis Elks record now stands at 3 and 4, good for third place, a game ahead of the Breeders who entertained the streaking Builders Thursday night.

Billy Walls found his Newhouse receivers 17 times in 34 tries

the end zone for the third score. Coach Gillis' boys are now 2-0-1 for the season. Defensively, Mike Rounds, Mike Severin, Rich Gearty and Bob Gillis showed well for the Wildcats.

for a whopping 416 yards and 6 TD's in the wildest game of the year. Four kickoffs and interceptions were returned for touchdowns and two safeties were scored in the romp.

Hank Devlin, Frank McLaughlin, and Bobby Flores tallied twice each for the Builders, while Steve Call and Terry Quinnan did likewise for the Labmen. Breeder quarterback George Pratt hit 20 of 27 passes for 4 markers, one to Paul Ryan who also scored on a kick return and an interception as well as a safety. Ryan has been brilliant all season as a fearless pass rusher, but Thursday was required to go both ways and he responded spectacularly.

One month of play remains in the Jaycees schedule.

## Cross Country

It was a splashing victory for the Cross Country team of Wilmington High School last Wednesday, over Methuen, 35-20, but the team was defeated by Chelmsford 25-30.

Lance Walden finished first for the Wildcats, followed by Rick Russell, Jim Lynch, Cliff Friberg and Rick Keane. Dana McQuaid let the Jayvees in a close 5 point loss to Chelmsford, but a victory over Methuen.

The varsity is now 3-4 for the season. Yesterday they ran against Burlington, and on Saturday they are to compete in the Catholic Invitational Meet, in the White Stadium, in Boston.

## Field Hockey

The High School girls varsity squad had a shaky first half, constantly bunching up, combined with poor passing, and in the second half could not capitalize on some 15 attempts to score, and as a result ended up with a 010 tie with Dracut last Tuesday.

## Soccer

The girls now sport a 1-3-2 seasonal record. The teams played Billerica at home Tuesday, and will host Chelmsford this afternoon at 3:15 pm.

The varsity soccer team of Wilmington High School lost their third in a row last Tuesday, as they were edged out by Lynn English, 1-0. The boys had many opportunities to score, but their inexperience continues to tell a tale of woe for Coach Lentine. It is to be hoped they will turn things around in their remaining ball games.
